

Reading the Bible in a Year (Old Testament once, New Testament twice)

From “GPS – God’s Plan For Salvation” Allan Chapple (2012) pp. 259-262

- Each week you read one book (or several small books) and three Psalms
- The general patten is to read alternately from Old Testament and New Testament
- Each week you can decide for yourself whether to read so many chapters per day or to read the set book(s) in one sitting (probably on the weekend). You can vary your approach from week to week, depending on how busy you are going to be, on what kind of book it is, and on what works best for you.
- If you think it is unrealistic for you to get through the whole Bible in one year, but you think you could do it in two (or three, or ...) years, then treat each week in the table below as two (or three, or ...) weeks.
- The important thing is to *read* carefully and attentively, asking God to nourish you and change you with what you read.
