Pursuing God | 31 Day Study

Did you know God wants to be connected with you? What does it mean to be connected to God? The Bible is the means of understanding the relationship God wants to have with you. The following verses will help you understand connecting with God.

*Use the **H.E.A.R Method** to help you get the most out of your time.*

Highlight - *something that stood out to you, that resonated, or the Spirit seemed to bring to your attention*

Explore - *dig into any study notes, context, commentaries, etc. that would help you get at the original meaning.*

Apply - *ask how this truth applies to you today.*

Respond - *figure out how your life must change as a result and pray it back to God.*
